The Center for Nanoscale Materials Users Meeting

Argonne NATIONAL LABORATORY

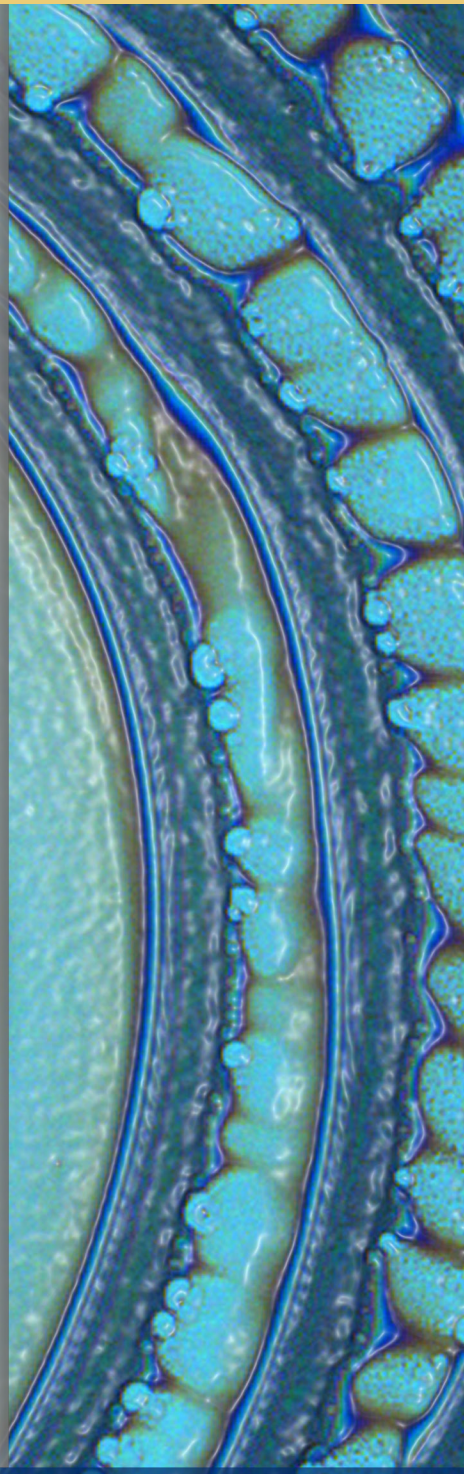
Argonne National Laboratory **October 5–7, 2009**

Meeting Highlights

- Plenary Session
  - Views from DOE & Washington
  - Keynote Presentations
  - User Science Highlights
- Focus Sessions
  - Nanostructured Materials for Solar Energy Utilization
  - Materials & Fabrication for Nanoelectromechanical Systems (NEMS)
- Poster Session
- Banquet
- Vendor Expo
- Short Courses
  - Confocal Raman Microscopy
  - Electron Beam Lithography
  - Focused Ion Beam Nanofabrication
  - Nanodiamond Synthesis & Applications
  - Nanoimprint Lithography
  - Optical Lithography & RIE

Key Dates

- Abstracts for Posters & Invited Speakers
  - August 21
- Registration
  - Non U.S. citizens September 7
  - U.S. citizens September 18
- Lodging at Argonne Guest House
  - September 19 for room block rate



U.S. DEPARTMENT OF ENERGY

Argonne National Laboratory is a U.S. Department of Energy laboratory managed by UChicago Argonne, LLC
